Frieze Frontline: The Museum
of Everything
16 OCTOBER 2009 Vogue
Today

We were joyfully greeted at Frieze Art Fair by a lady of the cloth whose sandwich board announced the opening of The Museum of Everything, the country's first public space for Outsider art (see the current issue of Vogue for the full story). We don't doubt the museum is well worth a visit, but we have one question - is this sister real or just an act?
